

Mary Ward Schools' Compass

The Mary Ward Schools' Compass is a guiding educational document for schools in the Mary Ward tradition around the globe. It was developed in 2017 at the Loreto Schools International Education Conference held in Pretoria, South Africa.

The conference was attended by members of the Institute of the Blessed Virgin Mary (IBVM), Congregatio Jesu (Congregation of Jesus or CJ) and other delegates from 21 countries, representing over 180 schools worldwide. A key outcome of the conference was the development of the Compass to point the way towards a set of shared educational priorities and outcomes for all schools in the Mary Ward tradition.

The Compass identifies eight markers that Mary Ward schools use to ensure they offer educational, co-curricular and student well-being programs relevant to a rapidly changing world. The markers empower students to become agents of change in a global society and stewards of the Mary Ward educational vision into the future.

These Compass points draw upon the Educational Guidelines from the Kolkata Education Conference in 2003, and 'the Calls' developed by the IBVM in 2014 at their General Chapter and the CJ at their General Congregation in 2011, reframed for our shared global educational context.

The Compass reminds us that;

*A Mary Ward school today affirms the centrality of the person of Jesus.
His gospel and our particular charism
offer to education a profound way of being,
acting as a positive force for transformation of lives.
Building on the foundation of our God-given charism,
We seek to invest in the holistic growth of our school community
in a deeper understanding and living of the gospel.*

The Compass will ensure that Mary Ward Schools remain 'rooted, responsive and relevant' as we create a oneness through our diversity, across the boundaries and borders of our world.

Embracing and Affirming Diversity

(cf KG pp 6-7; IBVM Call 5)

Thinking and Acting Justly

A Mary Ward school today is aware of inequalities and oppression in the world of which it is part, and strives to be part of the solution, building peace by helping the young to think and act justly in response to injustice - whether in the school community, the broader community, or the environment.

Engaging with the Bigger Picture

A Mary Ward school today, recognising the interconnectedness of all things, finds educational ways to engage with Laudato si' and Agenda 2030: Transforming our World. We promote the values, skills, and behaviours needed for living as global citizens finding fulfilment in harmony with all of creation.
