

Lived Experience

We value the unique experience of each individual. Our leadership places responsibility on the individual to develop interiorly and improve our institutions and, therefore, our world.

Local Context

We honour the distinct culture of each Loreto ministry. Our leadership invites us to listen to all members of our community and reflect on the challenges and graces experienced in the local context.

Living Tradition

We are blessed with a rich, exacting and vibrant Catholic Mary Ward tradition. Our leadership attunes us to shared stories, symbols, values and ethics, and invites us to connect with our tradition in life-affirming and creative ways.

Life Giving Mystery

We inherit a spirituality that invites us to 'refer all to God'. Our leadership draws on varied experience and expression of the divine and places personal and shared spirituality at the heart of our discernment and decision-making.
